You Are The Key To Our Success

Many families in Morristown and the surrounding communities do not have access to adequate educational and child care services for their children. These children also deserve every opportunity to develop academically, socially and intellectually. The Morristown Neighborhood House has been there to help them for over one hundred years.

Our mission to provide these vital services to the children and their families cannot exist without the generosity of individuals, foundations and corporations. We are a nonprofit organization and the majority of our funding comes from individuals, foundations and corporations. Our contributors are the key to our success in helping the children and their families.

How You Can Help

In keeping with our historical role as one of the area's premier service providers, our goal is to teach children the skills and confidence to become successful and productive community members.

We hope you will join us in supporting this important work. Please consider giving a financial contribution today. You will help improve the lives of many children right in your own community.
